BSG MINI POWERZONE: Full odour protection

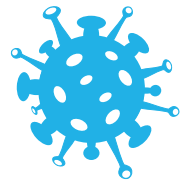

**Cigarette & Cigar
Smoke**

Fire Damage

Toxic Gases

**Airborne &
Surface Bacteria**

Why BSG MINI POWERZONE?

The MPZ system is often used to swiftly deep clean hotel rooms and AirBnBs across the globe without the use of harsh chemicals. This is due to its superior air and surface disinfection capabilities and natural ability to destroy airborne viruses.

Each portable air and surface purifier has a small, space-saving design footprint, making it ideal for portable needs or fixed locations.

BSG Virus Shield Protects:

Hotels, Bed & Breakfasts, AirBnBs, Boat Cabins, Offices, Homes, Washrooms and Stores around the world.

Benefits of BSG MINI POWERZONE:

- Completely automated and chemical-free
- Does not use consumables, such as fragrance-dispensers or batteries
- Maintenance free – requires simple annual UV lamp replacement
- Simple to install on mains or a wall plug
- Easily mounted on a ceiling or wall (includes mounting kit)
- Resistant to vandalism
- Highlights company image as a promoter of the Green Initiative
