

CCX ENERGY

THE COILCARE KIT

Save up to 24% on HVAC electricity costs

- Complete COILCARE KIT - everything you need to install in one box
- Improve indoor air quality - making your building safer
- Maintenance reduction – reduce coil cleaning costs
- Automated, chemical-free cleaning and disinfecting of cooling coils and drain pans
- Prevents accumulation of biofilm and decreases microbial bacteria and fungi growth
- ASHRAE recommended for HVAC coil surface disinfection

COILCARE is safe for residential and commercial property installations and is customizable with all HVAC systems.

THE COST OF DIRTY COILS

- Approximately 60% of a building's total energy costs can be caused by HVAC systems
- Dirty HVAC coils waste an estimated 24% additional energy
- Up to 75% of IAQ air issues are related to HVAC
- 6 out of 10 indoor spaces could be hazardous due to air pollution
