improvement**
in air quality

Harnessing Nature's Cleaning Power

AIR CARE - TRIED, TRUSTED, TRANSFORMATIVE

The AIR CARE is a natural solution for transient areas of all kinds. Commonly used in washrooms, corridors and elevators, it is designed to transform spaces into healthier, hygienic environments.

- **Advanced Odour Reduction:** Rapidly reduces odors wherever the unit is placed.
- 24/7 Automation:** More comfortable, hygienic facilities.
- Reduce Allergens:** Helps to remove airborne particles.
- Minimal Maintenance:** Requires one annual lamp replacement.
- Chemical-Free:** Completely sustainable design.
